ANOTHER RAILROAD TO CROSS VIRGI

Panama Contractor in Washington to Establish Commissary for New Rord.

WON'T IDENTIFY THE ROUTE

New Line May Be Wabash or Eastern Extension of Pittsburg and Lake Eric.

(From Our Regular Correspondent.) WASHINGTON, D. C., October 31.—J. E. Markal, of Omaha, Neb., who was recently awarded the big contract for feeding the people employed on the Panama Canal, which contract talled for the expension of the expension of the contract talled for the expension of the exp Canal, which contract called for the expenditure of many millions of dollars, is, in Washington, preparing to concentrate a commissary department here for feeding the emploes on a railroad to be built in Virginia. He gave this information to The Times-Dispatch correspondent to-day and it will cause much speculation in Virginia. He said:

"I am here to concentrate a commissary for a railroad to be built in Virginia, and what road that is I am not ginia, and what road that is I am not to the said with the said with the said will be said to be said to the said will be said to the said to the said will be said to the said to the said will be said to the said will be said to the said to the said will be said to the said to the said will be s

ginia, and what road that is I am not at

ginia, and what road that is I am not at liberty to state."

Asked whether it was the Tidewater, he replied that he was not at liberty to state whether it is or not.

This makes it practically certain that it is not the Tidewater. The public is informed about the fact that that road is to be built, and it is harmy possible that there would be any reason or occasion to keep back any information about a commissary for that road. The

extension by why of the little Kanawha and Harrisonburg. But be that as it may, the information undoubtedly indicates another new road for Virginia, and one that requires market to feed the force employed in its construction, is not a twenty mile line, either.

Speaking of the Panama hotel contract, Mr. Markel said that Though it was annulled, he expected another to be let shortly, and is sure that it can feed the people more cheaply than they are being housed and fed under present conditions.
